

## Youth web survey

### Introduction

The [coalition name] is beginning a new project with the Minnesota Department of Human Services Alcohol and Drug Abuse Division with the goal of helping youth in our community live safe and healthy lives. Part of this project includes learning more about the youth in our community. Please take this anonymous survey to tell us more about what youth think. Your opinions will be combined with the opinions of other students to help us understand how to best work with youth in this community. Please answer honestly – there are no “right” or “wrong” answers, we just want to hear what you have to say.
